BEDROCK
DECORATIVE ★ CONCRETE

Bedrock Decorative Concrete is one of the most experienced providers of concrete solutions for virtually any customer's needs. With over 15 years of experience in delivering highly unique, enhanced concrete, we have the ability to deliver a truly one of a kind application which will transform your living area. Bedrock Decorative Concrete treatments such as stamped, colored, stenciled, stained, curvature, and numerous textures provide you with virtually unlimited options. Your creativity is our pleasure! We believe concrete designs and installs are a craft. Every customer's vision is approached with the same focus and attention to detail we would apply to our own home. Our goal is to help you design a product which is in harmony with your location and landscaping needs.

In addition to enhanced concrete, Bedrock decorative concrete will also provide, high quality, durable, and timely installed driveways, sidewalks, basements, hot tub slabs, patios, and pathways. Durability, longevity, and low maintenance are the end result from a quality install by us.

With Bill's unique technical background and his 15+ years as a concrete artisan, he has decided not to just stop at general concrete applications, but to go outside of the box with custom concrete countertops, sinks, furniture, and much more! Bill's artistic insight allows him to take your idea and recreate it in three dimensions, allowing for the full concept to take place. The 21st century has proven that concrete is now the material of modern architecture!

Our outside of the box portfolio includes custom concrete furniture pieces such as executive modern chairs, dining room tables, patio tables and chairs, and much more. Concrete furniture allows for endless possibilities of clean or hard lines, virtually any molded shapes, and colors that range from muted earth tones to acid washes and stamped iridescent primary hues. See your design come to life!

**“Bedrock Decorative Concrete delivers, they did a custom
patio that looks awesome”** R. Leos, Hastings, Michigan
